REVOGATE® PROCESS CAMERA

**REVOGATE CAMERA
ALWAYS - CLEAN VISION.
ANYWHERE, ANYTIME.**

Ajustable for every situation to view your process from every angle with seamless integration into your existing machine tool.

ALWAYS - CLEAN VIEW

PulseShield™ Lens Protection keeps the lens free from coolant, chips, and mist. Continuous visibility means fewer costly failures in cutting processes.

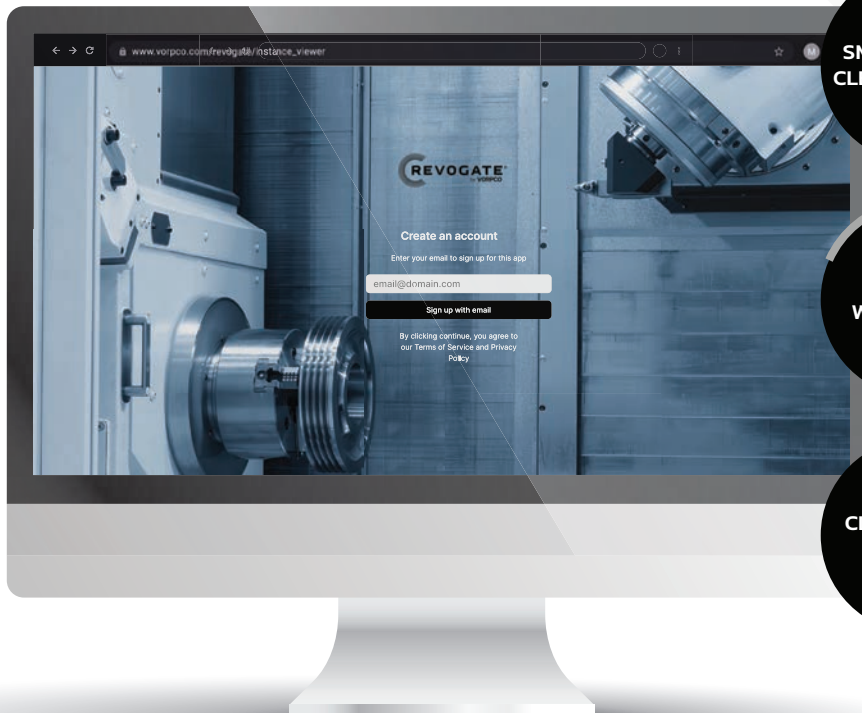

SMARTER PROCESS INSIGHTS

Ai detects chip nests, tool issues, and human presence - turning vision into actionable intelligence.

REMOTE ACCESS ANYWHERE

Live-stream machining to PC, tablet, or smartphone. Supervise, support, and decide faster with vision at your fingertips.

SMART VISION.
CLEAN PROCESS.

SEE MORE.
WORRY LESS.

CLARITY THAT
WORKS

EASY INTEGRATION

Slim, compact design fits tight machine spaces and sliding doors. Perfect for new builds or retrofits.

SAFETY & RELIABILITY

Person recognition enhances workplace safety. Rugged construction ensures long-term durability in harsh environments.

FUTURE - PROOF DESIGN

AI software can evolve with updates. Investment security for years to come.
