Type C

Drum

PART # VND-00000002-AA

## 806 Max Bin Drum / Carousel Unit

### Technical Specification

Power	110V - 230V AC
Consumption	40W
Visibility	Solid
Module	Main
Capacity (products)	806
Capacity (bins)	806
Height (cm)	196.0
Width (cm)	110.0
Depth (cm)	100.0
Weight (kg)	530.00

## Type C Drum Unit - Intelligent Controlled Distribution

### Fast, Simple & Intuitive Access

Just tap the touchscreen, select a product, and retrieve it in seconds. **VENDED Type C Drum Units** provide an efficient, eco-logical, and economical solution for controlled product distribution-ensuring availability while minimising waste.

### Designed Around Your Needs

Available in two frame sizes with capacities ranging from **36 to 806 locations**, each Type C Drum Unit can be tailored to suit your exact requirements. Every unit includes an integrated computer with a **touchscreen interface** and a **badge reader** compatible with your organisation-s access system.

### Smart, Always-On Management

- Reduce consumption by **30-40%**
- Track usage by individual or department
- Monitor stock levels in real time
- Receive automatic low-stock alerts

### Standalone & Easy to Install

No network integration required - units operate independently over the **GSM (4G or lower)** network. Installation is simple: just plug into a standard power outlet.

### Key Benefits

- Streamlined electronic stock management
- Automated consumption tracking and user permissions
- Reduced waste and downtime
- Modular configurations for any environment
- Aligned with modern workplace efficiency standards
